

DIAL West Cheshire opens new retail unit

We were delighted to welcome the Deputy Lord Mayor, Cllr Razia Daniels to officially open our new retail unit at DIAL's Shopmobility Service, in Kaleyard's car park, just off Frodsham Street in Chester.

Having celebrated our 30th anniversary last year, we are currently working in challenging economic times. We have taken action and are being more proactive in terms of ensuring that we will still be around in the future to provide valuable services like Shopmobility, which improve the lives of disabled people. So in addition to hiring out mobility equipment, we now intend to raise funds from the sale of mobility equipment and other independent living aids, with the proceeds reinvested in running the charity.

Keith Roper CEO at DWC said:

"We would like to express our thanks to Bill Duckworth and his team from Tata Steel, Shotton, who decorated the interior of the centre and provided a generous donation to help stock the new shop. In addition, we would like to extend our thanks to Cheshire West & Chester Council who recently decorated and repaired the exterior of the building in time for this opening."

The shop is open 7 days a week. Pop in and browse the range of equipment available or contact a member of the friendly team on 01244 312626 for further information.
